**FOLLOW US ON**

Changes or modifications not expressly approved by the party responsible for compliance could void the user's warranty. FCC notice: This equipment complies with FCC rules and is authorized for use in the United States. This device may not cause harmful interference, and it is required that the user accept the responsibility for ensuring that this device does not cause harmful interference. This equipment may cause or be affected by radio frequency interference. It may also be affected by radio frequency interference from other equipment. This equipment does not cause harmful interference to radio or television reception, when used in accordance with the instructions in this manual. To avoid interference, you should take the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to a different outlet than the receiver.
- Consult the receiver's manual.
- Consult the dealer or an experienced radio/TV technician for help.
